Your personal study programme

If you need to develop a high level of English language skills for educational, business or professional purposes, the Academic Study Programme offers you the ideal opportunity. It provides you with a study programme designed to meet your personal objectives, ensuring that your rate of progress allows you to maximise your learning potential.

Course durations

You can enrol for varying periods from 24 to 60 weeks depending on your initial level of English, the level you wish to reach and the examination qualifications, if any, you wish to obtain.

Course content

Among the most important features of the Academic Study Programme are its flexibility and its options. You can concentrate on intensive general English study, or you can tailor your course to the precise needs of your academic, business or professional career.

Educational advice

The Academic Study Programme is designed to give you the best possible preparation for the next stage of your academic or professional career, and this is particularly important if you wish to study in an English-speaking university. Every part of the programme - from your intensive English training to your special study options, examination options and your reading and writing skills - will contribute to your success. **It is not necessary, however, to make your final choices when you enrol.** Our Educational Advisers will assist you in choosing your study options and monitor your progress throughout your course. If you plan to continue your education in Britain, they will guide you through the process of obtaining a place at the university of your choice.

Reduced course fees for long-term study
