

# Club 50+

The **Club 50+** programme offers a complete package, **exclusively** for people aged **50 and over** who want to travel, meet like-minded people and improve their English.

## Improve your English

An emphasis on speaking, culture and practical English underpins our Club 50+ course. You will be placed in a class of just six students from different backgrounds and nationalities. At EC we know that you learn more when you are relaxed. This is why our classroom environments are relaxed and informal.

## Explore Brighton or Malta

The excursion programme includes activities that will help you discover the unique location you are visiting. You will discover Malta's incredible history and have the opportunity to enjoy the wonderful Mediterranean cuisine. In Brighton you can experience the delights of the town described as London-by-the-Sea, visit the sights and take part in a traditional English Pub night.

## Meet like-minded people from all over the world

You will study in small classes, take part in group activities, and have free time to create friendships with people from many different countries. The mix of nationalities offers a once in a lifetime experience to meet people from so many countries.

## This course is suitable for:

- the young at heart!
- mature students who want to make the most of their time on full and exciting social programmes
- anyone with a genuine interest in foreign cultures and a desire to broaden their world view

### Activities in Brighton

I would recommend EC Malta, the teachers we had were very competent, and the social programme we took part in was great. I like Malta. The sun is always shining and there are lots of sights to see; including many historic buildings and beautiful places - lots of which we visited as part of our activity programme.
