Families in Coronado are especially kind, friendly and open-minded. They actively take part in our homestay program and are really interested in a cultural exchange. Families provide a unique possibility to speak Spanish and learn a lot about the daily life and customs of a Latin American family.

Apartments offer you independence and privacy in a self catering mode. They are fully equipped with a kitchenette and a washing machine.

Farm living places you in a home located in a farm property.

*Double rooms can only be booked by 2 students arriving together, i.e. they are only available for friends, couples or families travelling together.
