

Introduction to 40+ Courses 2010 at Totnes School of English

These courses are for you if you would prefer to study with other mature students of 40 years and over and if you would like to join us in a full two-week programme of lessons, workshops and excursions in and around Devon and Cornwall. The programmes are available on different occasions in the course of the year- and there are 3 different themes to choose from:

For each 40 Plus course, we offer:

- Minimum age 40 years
- Two weeks in length
- Closed group lessons (1 - 12 students) every morning to improve your speaking, listening and vocabulary skills. We go as fast or slow as you need!
- Themed workshops/activities/trips in the afternoons on Creative Arts, Natural Health, and Castles and Gardens
- Full social and cultural programme in which you can experience the best of the English way of life and add a cultural context to your English learning. This includes a full weekly programme of activities plus a full day Sunday trip to the beautiful South Devon coast, unspoilt Dartmoor or local cities.
- Informal conversation practice with a Tandem partner in the afternoons/evenings. We arrange for you to meet a local person learning your language or interested in your country and you meet them outside school for informal cross-cultural discussions.

Themes:

- Creative Art
- Gardens and Castles
- Natural Health
