

THE APPLEBY COLLEGE
CANADIAN EXPERIENCE CAMP

FOR CAMPERS AGES 10-12

ABOUT THE APPLEBY COLLEGE **CANADIAN EXPERIENCE CAMP**

Appleby College's Canadian Experience Camp Program is designed to bring together international individual and groups of campers from around the world to live, play and learn with Canadian campers on our beautiful lakefront campus.

The program allows participants ages 10-12 to immerse themselves in a truly unique Canadian camp experience, while exploring the beauty and culture of Canada through recreational activities and exciting excursions.

WHAT WE OFFER

International campers ages 10-12 are immersed in Appleby's outstanding day camp programs alongside Canadian peers. Each week, campers are able to choose a program from a variety of up to 30 camp options, where the number of international campers is limited to ensure immersion with Canadian campers. Evenings and weekends are full of engaging activities and excursions to some of the region's most exciting attractions. Campers live in our comfortable boarding houses, and throughout their stay, build long-lasting, cross-cultural friendships in a safe, diverse and welcoming environment.

The Canadian Experience Camp gives international campers the opportunity to explore new interests, develop social skills, and face exciting challenges, all of which have the beneficial results of building character, enhancing confidence, and fostering independence.

ARTS & MEDIA CAMPS

Sparking campers' creativity, self-confidence and individual expression, the Arts & Media Camps are designed for campers who love music, media, visual and performing arts. Options for campers with beginner level language skills include Acro, Cartoons and Comics, Visual Arts, Creations with Clay and Made by Me. Those with intermediate level language skills can try programs such as Art & Digital Photography, Backstage Tech, Digital Cartooning and Fashion Design. For campers with advanced English, we also have options such as Glee Club, Music and Beat Production and Theatre Arts.

SPORTS & ADVENTURE CAMPS

Our Sports & Adventure Camps offer sport-specific development, led by outstanding instructional staff and coaches. These leaders help campers build skills in a variety of sports and encourage them to challenge themselves through different adventure programs. Options for campers with beginner level language skills include camps such as Tennis, Ball Hockey, Basketball, Exploring the Sports, Global Sports Challenge, and Soccer. Those with intermediate to high level language skills can try Intro to Fitness, Extreme Adventure Challenge, Survival Skills, Track & Field and more!

SCIENCE & SUCCESS CAMPS

Promoting the love of engineering and hands-on learning, our Science & Success Camps give campers the chance to experiment, build critical skills, and think outside the box to develop innovative solutions to problems. Our science camps are offered to campers with intermediate to high level English skills. Options for intermediate campers include Wacky Science, Exploring STEM and Coding, and for advanced campers we have options such as Robotics, Forensics and Video Game Design.

LEADERSHIP CAMPS

Designed to develop leadership skills through various team building activities, as well as help campers build confidence in their decision-making. Campers improve their ability to communicate with team members to help create inclusive environments, and feel confident in stepping outside of their comfort zone. Leadership Camps are an option for those with intermediate to advanced language skills.
