INTRODUCTION

The team and I cannot wait to welcome both new and returning students onto our beautiful Street campus, so that they can experience all that the Millfield English Language Holiday Course has to offer and the opportunity to truly discover their brilliance.

The team have been working hard to continue developing our holistic programme so every student can enjoy their experience to the maximum. There are options for all, whether you are a fluent English speaker or barely proficient. Afternoon activities enable our students to be genuinely curious about the disciplines that they are enthusiastic about. Our social programme provides diverse and modern quintessential English experiences, and Millfield's ethos that we fit the school around the individual, rather than fitting the individual to the school, runs through all that we do.

As always, we will be providing a safe environment for all of our students, with their well-being at the core of all that we do, whilst also bringing the fun that we are known for.

Holly Angelinetta *Director of Enterprises*

OUR STORY

Millfield was founded by Jack Meyer in 1935, following his return from India with six princes. Millfield House was used as the original Millfield School and is now one of the school's boarding houses, standing as a landmark in memory of the visionary Jack Meyer.

Today Millfield is one of the leading UK independent schools for boys and girls, aged 2-18 years and spans from Pre-Prep and Prep, to Senior and Sixth Form. Although it is best-known for its sport, Millfield is highly regarded for academic learning and the multiple fields in the creative arts.

Millfield has been running English Language Holiday Courses for international students for over 50 years, starting in 1970, meaning we are one of the longest running English Language Holiday Courses in the United Kingdom. During the holiday periods alongside the Millfield English Language Holiday Course, or as we like to call it MELHC, Millfield Enterprises also offer a range of Activity & Sports Courses and host events and camps at both a national and international level.
