

Extended Summer School Curriculum

OISE Segovia

Ages 13-17

2018

Extended Summer School Curriculum

The Extended Summer Curriculum is a full time course of 27 hours of tuition per week, with a maximum of 8 students per class.

The programme

Beyond traditional language course provision; as well as improving their Spanish students can expect to develop their life skills, subject knowledge, work on projects and learn how to become more effective and autonomous learners.

• Spanish Language lessons

These lessons cover the four skills of speaking, listening, reading and writing and include controlled practice in language structures and lexis development to achieve a good command of grammar structures and vocabulary.

• Life Skills lessons

Each lesson is linked thematically to the Spanish lesson which precedes it. The lessons cover areas such as study skills, time-management and being self confident.

• Subject lessons

Students choose a subject such as Geography, Natural Science, Politics, Cultural Awareness, Spanish History.

• Project lessons

The projects encourage autonomous learning, teamwork and completion of a task (such as a presentation, a video, a newspaper) and cover areas such as journalism, theatre skills and debates.

• Measuring progress

Each student keeps a Learner Portfolio to encourage learning skills, self-assessment and reflection. Individual coaching sessions allow students to monitor and improve their performance.

A full learning day

Monday	Tuesday	Wednesday	Thursday	Friday

Lunch				
Mixed subjects taught through Spanish: History, Geography, Science		Cultural Excursion		Mixed subjects taught through Spanish: History, Geography, Science
Break				Break
Project lesson				Project lesson
Activities				
Self-Study				

In the evening, residential students continue their learning through organised social activities. Homestay students return to their host family where they have the opportunity to participate in family life.

Cultural Activities

Segovia itself has a wealth of places to visit, such as the cathedral, castle and roman aqueduct, as well as cafés and restaurants to sample the local cuisine. At weekends students visit Madrid and hike in the *Sierra de Guadarrama*. Sports and social activities are also organised by OISE Segovia after classes.

Accommodation

Homestay

Integration into family life is essential to make the student's stay in the country enjoyable and to make the learning process complete. Students share the family's way of life by having breakfast and dinner with them, and joining in other activities such as sports and discussions. OISE also ensures that each pupil gets the maximum opportunity to practise their language by not accommodating two students of the same mother tongue in the same home.

Residential

The residence is a 15 minute walk from the school, in the heart of Segovia. The dormitories are composed of single rooms. All meals are provided on both homestay and residential courses.

Travel

Students are collected from the airport in Madrid by OISE staff and taken to their host family or the residence if within the standard hours of arrival.

Arrival / departure transfers

Transfers are arranged by OISE on standard dates and times. Outside of standard times a personal taxi service is available.

Arrival times: Sundays 11:00 – 19:00

Departure times: Saturdays 13:00 – 19:00

Course fees

Accommodation	Homestay	Residence
1 week	1.445 €	1.780 €
