

The IELTS Exam Preparation, 14 -17 years

Achieving phenomenal results in the IELTS exam

The intensive six weeks IELTS Exam Preparation programme is the ideal way to familiarise students with the IELTS exam and provide tuition in every aspect of the paper to encourage student confidence and allow them to perform to the best of their ability.

Programme

Intensive tuition exclusively tailored to IELTS preparation • small groups of a 6-8 students, all studying IELTS • classes are divided into groups of students at the same level • expert tutors specialising in IELTS preparation • course is structured to cover all aspects of the exam with practice on authentic IELTS past papers

The IELTS Preparation programme is a full time course of 30 hours a week with 6-8 students per class. The course takes a dynamic and stimulating approach to ensure the best possible results in the exam. Focusing on the four skills tested in the exam: listening, reading, writing and speaking, the course covers all areas in depth. Authentic past papers are used to simulate the exam situation and familiarise students with time management constraints.

The IELTS test assesses the candidate's ability to communicate effectively, write concisely and understand correctly a number of topics; skills which are addressed and improved as part of the course through understanding newspaper articles, developing self confidence through presentations and activities to encourage discussion and expression.

The IELTS exam is arranged for the end of the course, with the written exam taking place in the morning and the speaking exam taking place in the afternoon.

The programme is concluded with evening activities for residential students. Homestay students will participate in one social evening per week and the Saturday excursions provide further opportunities to apply the language learned.

Suitability

The programme is aimed at 14-17 year olds who want to get the best possible score in the IELTS exam. The test is particularly suitable for those who want to enrol at a university in the UK or USA in the following 2 years.

Lessons

The intensive course includes 6 hours of classes a day divided into 3 hours of lessons in the morning and 3 hours in the afternoon. Each lesson is 90 minutes long, taught by 2-3 alternating tutors to ensure dynamic tuition at a fast, consistent pace.

Students are provided with constant feedback from the tutor due to the small group size of 6-8 students, which helps students to reach the clear objectives set at the beginning of the course and monitor their progress.
