

# Getting to York

## Easy access from airports and the rail network.

York is situated on the main North-South rail route, giving fast and easy access to London and Edinburgh. York also has an excellent rail link to Manchester Airport. Students can get on a train inside the airport building and travel directly to York.

## Waiting times.

Students may be expected to wait for up to 4 hours at the airport from the published landing time of their aircraft plus the time to clear customs. Melton College arranges transfers on the understanding that students should arrive at the airport for check-in 120 minutes before their flight.

## Homestay Extra Transfer Service.

Our Transfer Service is for students on Homestay Extra and includes all students under 18.

Arriving at Leeds or Manchester Airports, students will be greeted as they emerge from baggage collection.

Once they have met the representative from Melton College, there will always be a member of staff in the airport until the transfer service leaves.

Students travelling as 'unaccompanied minors' pay a supplement.

Taxis can be arranged from all the airports, please ask for current taxi prices.
